

WHEEL BOSS CLEANING SYSTEM

YOUR CUSTOMERS WILL NOTICE THE DIFFERENCE!

No other wheel cleaning system conquers the distinct challenges of wheel and tire cleaning like the Wheel Boss. The unique design of the MacNeil all-in-one wheel brush reaches deep to scrub rims and tires to a sparkling clean, while eliminating additional labor and prep time.

Less Work, More Clean

With a choice of a standard nylon stepped brush or patented cam-style foam material, the Wheel Boss delivers a superior clean. The unique, camshaft style foam brush pulsates to effectively reach into wheels without bridging critical sections – a typical problem with other wheel cleaners. Thanks to the foam assembly brush design, replacing the hardworking brush tips is quicker, easier and more economical.

Add It Today, Profit Tomorrow

Wheel Boss is a quick and easy revenue-generating add-on, ideal for new sites and existing operations.

Why Choose Wheel Boss?

- Unique brush assembly simplifies replacement, saving money through reduced labor and downtime
- Available with patented cam-style foam brush material or nylon stepped brush design
- Cam-style foam brush – the safest and gentlest clean in the industry. Reaches deep into wheels without bridging critical areas
- Simple height adjustment and leveling
- Rugged construction ensures maximum product life and lower maintenance costs
- Ideal for tunnel and in-bay automatic car washes
